

CK Recruit

Product Overview:

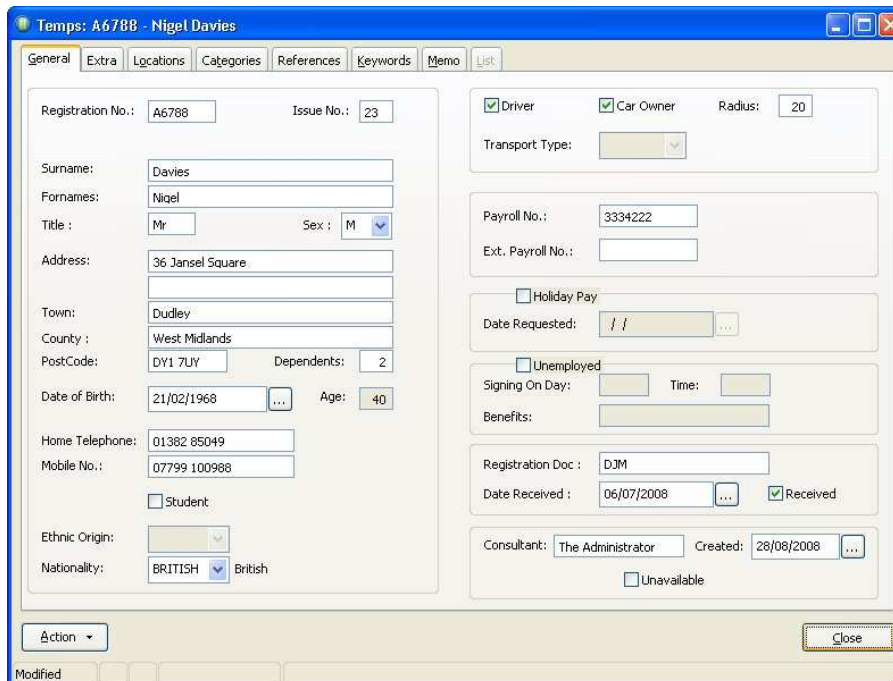

CK Recruit is a complete solution written for the personnel recruitment industry:

Front office system: allows permanent & temporary staff details to be held along with job specifications. Routines exist to allow searching and matching individuals to vacancies taking into account qualifications, geographic area, etc.

Back office system: extensive links to Pegasus Opera II to allow timesheets to be posted (with cost & chargeout rates) into Costing and hours updated into payroll with draft invoices being posted into SOP. Individual cost and chargeout rates can be maintained by individual.

Key Functionality:

- Intelligent keyword matching system
- Comprehensive permanent and temporary records
- Keep tight control over matched bookings
- Easy to use with full Opera II "look-and-feel"
- Seamlessly integrated into Opera II
- Demo version available on request
