

CK Postcode

Product Overview:

CK Postcode provides fully integrated postcode lookup functionality into Opera II – simply enter a postcode and the appropriate full address details will be entered into Opera. CK Postcode ensures you have accurate address details in your database, saving both time and money and creating a professional image for your business.

Key Functionality:

- Integrated into Sales, Purchase, SOP, PIR, POP, WOP, Payroll, Personnel and SPM
- Reduce errors - capture and verify addresses quickly and accurately
- Speed up data entry - 80% reduction in keystrokes to enter address
- Save hours of wasted time and eliminate spelling mistakes
- Single click allows you to view a map of address or view full directions to the location
- "Find my nearest" function locates businesses or services near chosen location
- Easy to use - fully integrated and accessed directly from standard Opera II forms
- Advanced searching option allows searches on company name by town/city/area
- Tidy Address function allows user to change incorrect or misspelt addresses in current data

The screenshot shows a software window titled "Sales Processing : TST01 -". It contains a form with various fields for company and contact information. A modal dialog box titled "CKPostCode Lookup" is open, showing a "Post Code" field with the value "HP23 4RT" and a "Building Name / No. :" field with the value "23". The background form includes fields for "Company Name", "Address", "Town", "County", "Post Code", "A/C Contact", "E-Mail Address", "Order Contact", "E-Mail Address", "Ledger Account", "Invoice Account", "Current Balance", "First Created", "Last Modified", "Last Invoice", and "Last Receipt".

£150 +VAT

In addition a subscription is paid directly to Simply Postcode for access to postcode data – for unlimited lookups for 1 to 20 users this is currently £280 per user per annum, for 20+ users POA. Alternatively users can buy credits from Simply Postcode at a cost of £50 per 500 full address lookups, limited to a maximum of 5000 per year. Prices correct as at December 2009. Some CK Postcode functionality can be used without this subscription – Map, Directions and Nearest throughout the system plus the Tidy Case function within Tidy Address

Note: The Pegasus Opera II Toolkit must be present on the system.
