

CK Recode Suite

Product Overview:

Allows user to change the unique codes for accounts, stock & job records and updates all historic transactional occurrences (including bespoke fields) with the new code. CK Recode also allows the user to merge accounts and caters for bulk recoding in a batch via a CSV file. The utility also allows for recoding of sales codes & supply codes. Available for sales, purchase, nominal, stock & costing.

Key Functionality:

- Recoding can be done individually or in a batch – a list of codes to import can be imported from a csv file.
- Allows user to merge accounts if an existing code is entered
- Can also be setup to include 3rd party bespoke fields in Recoding process
- A full audit trail report is produced
- Easy to use with full Opera II “look-and-feel”
- Accessed directly from Opera II Menu

End User Software Price:

Software Cost: **£190 +VAT**
AMC: **£50 +VAT**

Above costs are per module, discounts are available for multiple purchases

Note: The Pegasus Opera II Toolkit must be present on the system.
